

IT MANAGEMENT THAT'S POWERFUL, AFFORDABLE, & EASY-TO-USE!

Featured Solution for Network & Systems Management

NETWORK PERFORMANCE MONITOR

Fault, Availability, Performance, & Deep Packet Inspection

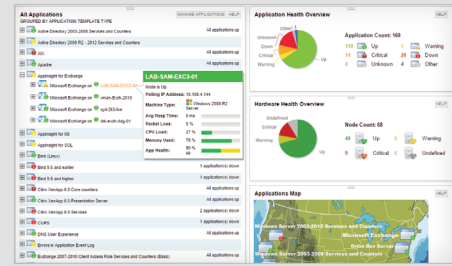

NETWORK

- Speeds troubleshooting, resolves network outages, and reduces downtime
- Monitors and displays response time, availability, and performance of network devices
- Enhanced network visibility with automatic capacity planning, wireless heat-maps, & topology-aware intelligent alerts
- Improves operational efficiency with out-of-the-box, customizable dashboards, alerts, & reports
- Automatically discovers and maps network devices and typically deploys in less than an hour

SERVER & APPLICATION MONITOR

Monitor and Resolve Application & Server Issues

APPLICATION & SERVER

- Get detailed performance metrics for over 200 applications (Windows Server®, Linux®, Active Directory®, Exchange, IIS, SQL Server®, and Apache®)
- Easily troubleshoot performance problems in the application and its underlying infrastructure with the AppStack Environment dashboard
- Monitor any application—from home-grown apps to even the most complex apps
- Securely monitor applications regardless of where they are hosted (private, public, or hybrid clouds)
- Monitor server performance, and report on hardware & software asset inventory

Pinpoint Performance Issues Across the Application Stack

The **Application Stack Dashboard** provides a unified view to see all application, server, storage & virtual infrastructure issues, and helps isolate the root-cause in just seconds.

DATABASE PERFORMANCE ANALYZER

Find & Resolve Database Performance Issues

- Identify the performance problems most impacting end-user response time
- Isolate root-cause of database bottlenecks in just four clicks
- View historical trends explaining performance over days, months & years
- See a direct correlation between database response time and VMware® resource metrics
- Agentless architecture: Install and see results in minutes!

About SolarWinds

SolarWinds (NYSE: SWI) provides powerful and affordable IT management software to customers worldwide from Fortune 500 enterprises to small businesses. In all of our market areas, our approach is consistent. We focus exclusively on IT Pros and strive to eliminate the complexity that they have been forced to accept from traditional enterprise software vendors. SolarWinds delivers on this commitment with unexpected simplicity through products that are easy to find, buy, use and maintain while providing the power to address any IT management problem on any scale. Our solutions are rooted in our deep connection to our user base, which interacts in our online community, thwack® www.thwack.com to solve problems, share technology and best practices, and directly participate in our product development process. Learn more today at www.solarwinds.com. For Federal Government pricing, contact FederalSales@solarwinds.com.
